Books and more from Catapult and Black Balloon Publishing

[Catapult: Harry and I Build a Siege Weapon by Jim Paul](#)

This book truly is about building a catapult and how two friends went about it. The detailed passages about screws and metals just made my eyes roll into the back of my head. The book is much stronger when it examines the relationship between Jim and Harry and when it explores the history of the catapult.

Catapult - Wikipedia

A catapult is a ballistic device used to launch a projectile a great distance without the aid of explosive devices particularly various types of ancient and medieval siege engines. In use since ancient times, the catapult has proven to be one of the most effective mechanisms during warfare.

[The Catapult: A History - Tracey Elizabeth Rihl - Google ...](#)

A Major Contribution to the History of Technology and Ancient Warfare The most recognized military device of ancient times and the source of continued fascination and popular appeal, the catapult represented a major shift in the conduct of warfare.
