The attitude of European consumers towards forests and ...

Certification would appear to have significant potential as a marketing tool in Europe, especially for tropical timber. However, many more actions, both in actual forest conservation and protection efforts and in communication are necessary to restore confidence about the situation of forests in European consumers.

Tropical Timber Market Report - The International Tropical ...

Tropical Timber Market Report Volume 21 Number 4, 16th-28th February 2017 The consumer confidence. Other data shows that there was a contraction in credit in 2016. While reports suggest 2017 inflation will be flat and will favour household finances, this positive effect could be off-set by tax increases likely to be announced in the 2017 Budget. As such, consumer spending could remain

Certification of Tropical Forests FSC International

FSC certification can offer forest managers in the tropics financially competitive alternatives to poor practices, illegal logging, and land conversion for cattle ranching or biofuel production. Eighteen million hectares of tropical and subtropical forest are FSC certified, representing 13 percent of the total global area certified to the FSC Principles and Criteria
