[Nutrition for Healthy Term Infants: Recommendations from ...](#)

This statement promotes the communication of accurate and consistent messages on infant nutrition in the first six months. Guidance on nutrition from six months to two years of age will be covered in a separate statement, available in 2013/14.

[Recommended Nutritional Requirements for an Infant ...](#)

Infancy is the period in a child's life between birth and 12 months of age. Inadequate nutrition during infancy can result in stunted growth, low body weight, delayed cognitive and physical development and even death.

[WHO | Infant nutrition](#)

Adequate nutrition during infancy is essential for lifelong health and wellbeing. Infants should be exclusively breastfed for the first six months of life to achieve optimal growth, development and health. Thereafter, to meet their evolving nutritional requirements, infants should receive:

[Infant Feeding - Dietitians of Canada](#)

Dietitians of Canada has been a partner with Health Canada and the Canadian Paediatric Society (CPS) since national guidance for health professionals on infant feeding (Nutrition for Healthy Term Infants) was first released in 1998. These organizations, joined by the Breastfeeding Committee for Canada, collaborated through the Infant Feeding Joint Working Group to revise guidance from 1998 and

[The Importance of Nutrition During Infancy and Toddlerhood ...](#)

The importance of nutrition during the infancy and toddlerhood period should not be underestimated.

Undernourishment and malnutrition occurs in infants and toddlers in every country of the world including well-developed countries.

[Nutritional Needs of Infants - Nestle](#)

Human milk. Human milk alone is the best source of nutrients for infants and is the gold standard for good nutrition from birth up to 6 months. Human milk provides nutrients in the quantities and proportions required to sustain an infant's growth and development during the first months of life.

[Infant and Newborn Nutrition: MedlinePlus](#)

The primary NIH organization for research on Infant and Newborn Nutrition is the Eunice Kennedy Shriver National Institute of Child Health and Human Development. Other Languages. Find health information in languages other than English on
