Functional Areas Post Merger Integration Plan There's a lot of work to do in a post merger integration of the different functional areas. Integrating the work processes, technologies, systems, teams, leadership and, eventually, culture is a complex job that is filled with risks.

Communication Plan - Post Merger Integration

M&A communication planning is difficult because a merger is always a fast-breaking story. Every day brings new developments. The truth is a moving target, and often dead on arrival. Rumors start to fly as soon as people pick up the scent that a merger is in the works. This is high drama. Hot stuff. Everybody has an opinion, and all the rules of gossip prevail. In this tense environment, it is easy for messages to be misinterpreted, twisted, or exaggerated.

The Role of IT in Successful Merger Integration - Strategy &

Balancing these priorities requires regular communication between technology leaders and management, starting as early as possible in the merger process, so that IT departments understand the strategic goals behind a potential deal and can prepare to support those goals. IT and business leaders must undertake a deliberate planning process in order to develop a realistic, detailed road map for
